

Hello. Here is ACS report for November 2025 Board meeting:

Integrated Communications

The digital transformation project is ongoing, specifically the clinical data strategy.

A member data lake (central repository) will pool data from all disparate sources across the ACS

A Members-only mobile app is on track for a July pilot and October launch.

Improved non-surgeon audience communications have been implemented such as the find-a-hospital search, media campaign for Stop the Bleed, and highlighting Surgical Quality Partners

The website redesign continues and proceeds as scheduled

Leadership Changes

Dr. Lewis Flint has retired as the Editor of Selected Readings in General Surgery

Dr. Joshua Mammen has been named the Chair of the ACSPA-SurgeonsPAC

Dr. Megan Tracci has been named Medical Director for Surgeon Engagement

Dr. Thomas Tsai has been named Medical Director for Health Policy Research

Quality Programs

A record-breaking 1,100 abstracts were submitted to the Quality and Safety Conference

Multiple publications have been developed by staff and scholars

Division leadership has led several discussions at major conferences

ACS Foundation

The Foundation received several notable gifts during FY2025

A record \$70,000 was raised at the 2025 Leadership & Advocacy Summit

Two new chapter funds have been established: Maryland and North Carolina

Upcoming ACS Meetings

- Leadership and Advocacy Summit: February 28 – March 3, Washington, DC

Note: ACS Communities will be closing. Facebook pages will remain open for participation
